Pantone Fall/Winter 2018 Color Trend Report

Pantone Color Institute, the global professional of color for the design industries as well as a trendsetter and color consultancy, announced Fall/Winter 2018 Color Trend Report with the top 12 colors that fashion designers will use on the runway for this year's fall/winter collections.

This fall/winter collections, humans need to expressing our individuality, ingenuity and creativity. As Pantone said "Autumn hues that evoke the feeling of leaves on the forest floor, rich plumage and twilight color reveal a modern fall palette of deep and rich tones with outbursts of colorful surprise." PANTONE 12-0740 Limelight and PANTONE 15-3520 Crocus Petal are the main colors showing up in the fall/winter palette. With the addition of Pink Peacock and Mellow Rose to the palette, making the palette looks more playfulness and fascinating color combinations.

Pantone also identified 5 classic color shades that can stay in this seasons, including deep navy Sargasso Sea, creamy white Tofu, camel Almond Buff, quiet Gray and brown Meerkat as below.
